

**Vertical Weld Spatter Shield - Black**  
**Acrylic Coated Fiberglass Cloth Fabric: Premium Grade**  
**300°F / 148°C: DeltaGlass™ High Temperature & Heat Resistant**

- ANSI/FM 4950 approved for welding curtains.
- An economical welding curtain material suited for vertical hanging applications. Acrylic coated fiberglass.
- Satin weave provides this material with excellent flexibility.
- Temperature limited by the acrylic coating.
- Manufactured of fiberglass yarns, have a 1100°F / 593°C continuous rating while providing high insulation value & excellent personnel protection.
- Good abrasion resistance and tensile strength.
- Can be easily cut to shape and has very good fray resistance.
- Due to the weave, this fabric has less stiffness than the VWS-PK product.
- Excellent weather barrier for outdoor welding.

<b>DeltaGlass™ High Temperature &amp; Heat Resistant Vertical Weld Spatter Shield Cloth Roll Fabric</b>
