

## Removeable Blanket Lacing Twist Pliers & Stainless Wire

### **Twist Pliers**

Lacing wire can be installed and twisted with standard hand tools, but twist pliers make the job easy.

For just one or a small number of installations the small 6" plier is fine. As a standard tool set for many installations, its handy to have both sizes.

### **Stainless lacing / safety wire**

1 pound spool of .032" stainless steel lacing / safety wire.

| <b>Lacing &amp; Safety Wire Twist Pliers &amp; Stainless Lacing Wire</b> |  |          |
